William T. Richardson, FACHE  
 President/CEO

To Whom It May Concern:

It is my pleasure to recommend the professional services of Rochester & Associate, Inc. Our Facility, Engineering and Safety Management team worked directly with Rochester & Associates, Inc. on the Tifton Regional Medical Campus comprehensive campus utility map. This comprehensive and accurate map has been a vital resource for maintenance & operations, facility planning, and expansion projects. Rochester surveyed, managed and delivered an invaluable asset management tool for our facility. Across the board, we have been extremely pleased with their service and deliverables. We have even extended their services to our other owned hospital in Adel, Ga. for a campus site utility and comprehensive map of future properties. I recommend them and look forward to working with them again in the future.

Sincerely,

Don Gay  
 Director of Facility, Engineering and Safety Management  
 Tift Regional Medical Center
